

# Alphabetical List of Trash Classification

	Item	Classification	Notes (Hints on how to dispose of trash)
A	Acrylic sheet	Trash to be burnt	Cut it into 1 meter length or less.
A	Aluminum can	Bottles • Cans • PET bottles	
A	Aluminum foil	Trash to be burnt	
A	Amplifier	Recyclable • Non-burnable trash	
A	Antenna	Recyclable • Non-burnable trash	
A	Artificial flower	Trash to be burnt	
A	Artificial lawn	Trash to be burnt	Cut and make square pieces of side length 1m. Dispose of them after binding them with string.
A	Ashtray (made of metal, glass, or plastic)	Recyclable • Non-burnable trash	
B	Bag (made of plastic)	Recyclable • Non-burnable trash	Dispose of them after disassembling to separate plastic and metal parts. Leather bags are subject to be re-used.
B	Ball	Trash to be burnt	
B	balloon	Trash to be burnt	
B	Bamboo	Wood chips / Pruned branches	Cut them into 1 meter lengths or less and bind them.
B	Basin for bathing (made of plastic)	Recyclable • Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
B	Basin for bathing (made of wood)	Wood chips / Pruned branches	Dispose of plastic ones as non-burnable and recyclable trash.
B	Bat (for baseball, made of steel)	Recyclable • Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
B	Bat (for baseball, made of wood)	Wood chips / Pruned branches	Dispose of metal ones as non-burnable recyclable trash.
B	Bathroom scale	Recyclable • Non-burnable trash	
B	Bathtub lid (made of plastic)	Recyclable • Non-burnable trash	
B	Battery	Recyclable • Non-burnable trash	Dispose of rechargeable ones at an electronic retail store.
B	Beach ball	Trash to be burnt	
B	Bead	Trash to be burnt	
B	Bell	Recyclable • Non-burnable trash	

	Item	Classification	Notes (Hints on how to dispose of trash)
B	Bicycle (including electric bicyble)	Recyclable ▪ Non-burnable trash	Do not disassemble. Write "X" on the saddle.
B	Binocular	Recyclable ▪ Non-burnable trash	
B	Blender	Recyclable ▪ Non-burnable trash	
B	Blood pressure monitor	Recyclable ▪ Non-burnable trash	
B	Book	Paper Products	Bind with paper string.
B	Boots (rubber)	Trash to be burnt	
B	Bottle	Bottles ▪ Cans ▪ PET bottles	Bottles of agricultural chemicals cannot be collected.
B	Bottle cap	Recyclable ▪ Non-burnable trash	Dispose of plastic ones as plastic container and wrapping.
B	Bottle cap (made of plastic)	Plastic containers and packaging	Dispose of metal ones as non-burnable recyclable trash.
B	Bottle of nail polish	Recyclable ▪ Non-burnable trash	Empty the inside.
B	Bottle opener	Recyclable ▪ Non-burnable trash	
B	Brief case	Trash to be burnt	
B	Brief case (made of metal)	Recyclable ▪ Non-burnable trash	
B	Brooch (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
B	Brooch (made of wood)	Trash to be burnt	
B	Broom	Trash to be burnt	
B	Bucket (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
B	Button	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as burnable trash.
C	Caddie bag	Trash to be burnt	Remove metal parts and dispose of the rest as non-burnable recyclable trash.
C	Calculator	Recyclable ▪ Non-burnable trash	
C	Calendar (made of paper)	Paper Products	Remove the metal part.
C	Camera	Recyclable ▪ Non-burnable trash	
C	Can of gas for portable gas stove (cassette type)	Bottles ▪ Cans ▪ PET bottles	Empty the inside and puncture.

	Item	Classification	Notes (Hints on how to dispose of trash)
C	Can opener	Recyclable ▪ Non-burnable trash	
C	Candle	Trash to be burnt	
C	Candlestick	Recyclable ▪ Non-burnable trash	
C	Candy package	Plastic containers and packaging	
C	Cane	Trash to be burnt	Dispose of metal ones as non-burnable recyclable trash.
C	Car navigation system	Recyclable ▪ Non-burnable trash	
C	Carbon paper	Trash to be burnt	
C	Cardboard box	Paper Products	Bind with paper string.
C	Carpet/rug	Trash to be burnt	If its size is 1 meter or more, directly bring it to Takayanagi incineration plant.
C	Cartridge for water purifier	Trash to be burnt	
C	Carving knife	Recyclable ▪ Non-burnable trash	
C	Cassette tape	Recyclable ▪ Non-burnable trash	
C	CD and CD case	Recyclable ▪ Non-burnable trash	
C	CD player	Recyclable ▪ Non-burnable trash	
C	Cell phone	Recyclable ▪ Non-burnable trash	Delete information
C	Chain (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
C	Charcoal	Trash to be burnt	
C	Charger	Recyclable ▪ Non-burnable trash	
C	Clay	Trash to be burnt	
C	Clip	Recyclable ▪ Non-burnable trash	
C	Clock	Recyclable ▪ Non-burnable trash	
C	Clothes (recyclable)	Recyclable ▪ Non-burnable trash	Bind them with paper string or wrap with old clothes.
C	Clothes (those with oil and paint stains, etc. or those which smell)	Trash to be burnt	Items still useable are subject to be re-used.

	Item	Classification	Notes (Hints on how to dispose of trash)
C	Clothes storage box (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
C	Clothesline (made of metal)	Recyclable ▪ Non-burnable trash	Limited to those less than 1m long.
C	Clothespin	Trash to be burnt	Dispose of metal ones as non-burnable recyclable trash.
C	Comb	Recyclable ▪ Non-burnable trash	
C	Commemorative such as a trophy	Recyclable ▪ Non-burnable trash	
C	Container (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
C	Container of herbicide	Trash to be burnt	
C	Cooking knife	Recyclable ▪ Non-burnable trash	
C	Cooler	Recyclable ▪ Non-burnable trash	Remove metals.
C	Copy machine	Recyclable ▪ Non-burnable trash	Dispose of large ones at a licensed trader.
C	Cord (electric)	Recyclable ▪ Non-burnable trash	
C	Core of toilet roll	Paper Products	Put it in a paper bag.
C	Cork	Trash to be burnt	
C	Crayon	Trash to be burnt	
C	Credit card	Trash to be burnt	Cut into small pieces and dispose of them in several batches.
C	Cup (made of glass, ceramic or plastic)	Recyclable ▪ Non-burnable trash	Dispose of paper cups as burnable trash.
C	Cup noodle (container and package)	Trash to be burnt	Dispose of items with the identification mark of plastic material, as plastic container and wrapping.
C	Cup noodle (container, film, and package)	Plastic containers and packaging	Dispose of paper ones as burnable trash.
C	Cushioning material (with the identification mark of plastic material.)	Plastic containers and packaging	Dispose of the items without the identification mark of plastic material, as non-burnable recyclable trash.
C	Cushioning material (without the identification mark of plastic material)	Recyclable ▪ Non-burnable trash	Dispose of items with the identification mark of plastic material, as plastic container and wrapping.
C	Cutting board (made of plastic)	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
C	Cutting board (made of wood)	Wood chips / Pruned branches	Dispose of plastic ones as non-burnable and recyclable trash.
D	Deodorizer	Trash to be burnt	

	Item	Classification	Notes (Hints on how to dispose of trash)
D	Deodorizer (Antiodor agent)	Trash to be burnt	
D	Desk lamp	Recyclable ▪ Non-burnable trash	
D	Diaper (made of paper or cloth)	Trash to be burnt	Remove solid waste from a diaper .
D	Dish dryer	Recyclable ▪ Non-burnable trash	
D	Dish/Plate (made of metal, Ceramic or plastic)	Recyclable ▪ Non-burnable trash	Dispose of paper dishes as burnable trash.
D	Dried flower	Trash to be burnt	
D	Dustpan (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
D	DVD and DVD case	Recyclable ▪ Non-burnable trash	
E	Earphones	Recyclable ▪ Non-burnable trash	
E	Eighteen liter drum (for home use)	Recyclable ▪ Non-burnable trash	
E	Electric (hot) carpet (carpet part)	Trash to be burnt	Fold and bind. Dispose of the cords and switches as non-burnable recyclable trash.
E	Electric (hot) carpet (cord and switch part)	Recyclable ▪ Non-burnable trash	Fold and bind the carpet parts and dispose of them as burnable trash.
E	Electric air cleaner	Recyclable ▪ Non-burnable trash	
E	Electric blanket (blanket part)	Trash to be burnt	Fold and bind. Dispose of the cords and switches as non-burnable recyclable trash.
E	Electric blanket (cord and switch part)	Recyclable ▪ Non-burnable trash	Fold and bind the blanket parts and dispose of them as burnable trash.
E	Electric bulb	Recyclable ▪ Non-burnable trash	
E	Electric fan	Recyclable ▪ Non-burnable trash	
E	Electric griddle	Recyclable ▪ Non-burnable trash	
E	Electric pot	Recyclable ▪ Non-burnable trash	
E	Electric razor	Recyclable ▪ Non-burnable trash	
E	Electrical socket	Recyclable ▪ Non-burnable trash	
E	Envelope	Paper Products	Remove vinyl part.
E	Eye drop container	Trash to be burnt	Empty the inside.

	Item	Classification	Notes (Hints on how to dispose of trash)
E	Eye glass case	Recyclable ▪ Non-burnable trash	
E	Eye glasses	Recyclable ▪ Non-burnable trash	
F	Fallen leaves	Wood chips / Pruned branches	
F	Fan heater	Recyclable ▪ Non-burnable trash	Remove fuel.
F	Fax machine	Recyclable ▪ Non-burnable trash	
F	FAX paper	Paper Products	Dispose of thermal paper as burnable trash.
F	FAX paper (thermal paper)	Trash to be burnt	
F	Fertilizer bag (home use, made of paper)	Trash to be burnt	Dispose of items with the identification mark of plastic material, as plastic container and wrapping.
F	Fertilizer bag (home use, made of plastic)	Plastic containers and packaging	Dispose of those without the identification mark of plastic material as burnable trash.
F	Film	Trash to be burnt	
F	Firework	Trash to be burnt	Wet with water.
F	Fishing rod	Trash to be burnt	Ask a licensed trader for disposal of those made of carbon or glass fiber.
F	Flashlight/torch	Recyclable ▪ Non-burnable trash	Remove batteries.
F	Flier/leaflet	Paper Products	Bind with paper string.
F	Floor pillow	Trash to be burnt	
F	Floppy disk	Recyclable ▪ Non-burnable trash	
F	Fluorescent bulb	Recyclable ▪ Non-burnable trash	Dispose of the wooden parts as burnable trash.
F	Fluorescent lighting fixture	Recyclable ▪ Non-burnable trash	
F	Fork	Recyclable ▪ Non-burnable trash	
F	Foundation case	Recyclable ▪ Non-burnable trash	Remove the mirror.
F	Frame (made of plastic)	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
F	Frame (made of wood)	Wood chips / Pruned branches	Dispose of plastic ones as non-burnable and recyclable trash.
F	Frying pan	Recyclable ▪ Non-burnable trash	

	Item	Classification	Notes (Hints on how to dispose of trash)
F	FUTON drier	Recyclable ▪ Non-burnable trash	
F	FUTON pin	Recyclable ▪ Non-burnable trash	Dispose of them after disassembling to separate plastic and metal parts.
F	FUTON/bedding	Trash to be burnt	Fold and bind.
G	Game machine	Recyclable ▪ Non-burnable trash	
G	Game software	Recyclable ▪ Non-burnable trash	
G	Glass	Recyclable ▪ Non-burnable trash	When it is in large amount, ask a licensed trader for disposal.
G	Glass product	Recyclable ▪ Non-burnable trash	
G	Glove (baseball, etc.)	Trash to be burnt	
G	Glue	Trash to be burnt	
G	Golf ball	Trash to be burnt	
G	Golf clubs	Recyclable ▪ Non-burnable trash	
G	Guitar	Trash to be burnt	
H	Hair clippers	Recyclable ▪ Non-burnable trash	
H	Hair dryer	Recyclable ▪ Non-burnable trash	
H	Hairpin	Recyclable ▪ Non-burnable trash	
H	Hammer	Recyclable ▪ Non-burnable trash	
H	Handcart	Recyclable ▪ Non-burnable trash	
H	Hanger (made of metal or plastic)	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
H	Hanger (wooden)	Wood chips / Pruned branches	Dispose of metal or plastic ones as non-burnable recyclable trash.
H	Hard disk drive (HDD)	Recyclable ▪ Non-burnable trash	Delete information
H	Harmonica	Recyclable ▪ Non-burnable trash	
H	Headphones	Recyclable ▪ Non-burnable trash	
H	Heating pad (disposable)	Trash to be burnt	Make sure they won't become hot.

	Item	Classification	Notes (Hints on how to dispose of trash)
H	Helmet	Trash to be burnt	
H	Hose	Trash to be burnt	
H	Hot water bottle (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
I	Ice cream container (made of paper)	Trash to be burnt	
I	Ice cream container (made of plastic)	Plastic containers and packaging	Rinse the inside
I	Ice pack	Trash to be burnt	
I	ICE-NON (ice cooling gel pillow)	Trash to be burnt	
I	Inflatable boat (PVC)	Trash to be burnt	
I	Inflator	Recyclable ▪ Non-burnable trash	Remove the hoses and dispose of them as burnable trash.
I	Ink cartridge for printer	Trash to be burnt	Drop them in a collection box at a retail store.
I	Ink container box (made of plastic)	Recyclable ▪ Non-burnable trash	Box of ink container used for Japanese calligraphy
I	Inked ribbon	Trash to be burnt	Drop them in a collection box at a retail store.
I	Inkstone	Recyclable ▪ Non-burnable trash	Ink container used for Japanese calligraphy
I	Insect cage	Recyclable ▪ Non-burnable trash	
I	Insect repellent	Trash to be burnt	
I	Insulin self-injection needle	Trash to be burnt	Please contact us for the disposal method.
I	Iron	Recyclable ▪ Non-burnable trash	
I	Iron plate	Recyclable ▪ Non-burnable trash	
I	Ironing board	Trash to be burnt	Remove metal parts and dispose of the rest as non-burnable recyclable trash.
J	Junior seat (Child car seat)	Recyclable ▪ Non-burnable trash	Remove the cloth parts and dispose of them as burnable trash.
K	Kettle (made of metal)	Recyclable ▪ Non-burnable trash	
K	Keyboard harmonica (PIANIKA)	Trash to be burnt	
K	Kitchen stove (home use)	Recyclable ▪ Non-burnable trash	Remove batteries.

	Item	Classification	Notes (Hints on how to dispose of trash)
K	Knife	Recyclable ▪ Non-burnable trash	
L	Ladder (made of metal)	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
L	Lamp	Recyclable ▪ Non-burnable trash	
L	Lawn mower	Recyclable ▪ Non-burnable trash	Limited to trimmers with a shoulder strap. Remove fuel.
L	Lid of PET bottle/plastic bottle	Plastic containers and packaging	
L	Lighter (disposable)	Trash to be burnt	Empty the inside.
L	Lighter (metal)	Recyclable ▪ Non-burnable trash	Empty the inside.
L	Loudspeaker	Recyclable ▪ Non-burnable trash	Remove wooden parts and dispose of them as wood chips and pruned branches.
M	Magazine	Paper Products	Bind with paper string.
M	Magnet	Recyclable ▪ Non-burnable trash	
M	Magnifying glass	Recyclable ▪ Non-burnable trash	
M	mailbox	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
M	Marker pen/felt-tip pen (metal or glass)	Recyclable ▪ Non-burnable trash	Dispose of plastic as burnable trash.
M	Marker pen/felt-tip pen (plastic)	Trash to be burnt	Dispose of metal or glass pens as non-burnable recyclable trash.
M	MD and MD case	Recyclable ▪ Non-burnable trash	
M	Mechanical massager	Recyclable ▪ Non-burnable trash	
M	Medal	Recyclable ▪ Non-burnable trash	
M	Medicine bottle (limited to medical products for home use)	Bottles ▪ Cans ▪ PET bottles	Dispose of metal lids as non-burnable recyclable trash, and plastic lids as plastic container and wrapping.
M	Microphone	Recyclable ▪ Non-burnable trash	
M	Microwave	Recyclable ▪ Non-burnable trash	
M	Milk carton	Paper Products	Bind with paper string.
M	Miniature car	Recyclable ▪ Non-burnable trash	
M	Mirror	Recyclable ▪ Non-burnable trash	Dispose of wood as wood chips and pruned branches

	Item	Classification	Notes (Hints on how to dispose of trash)
M	Miscellaneous paper	Paper Products	Bind them with paper string or put them in paper bags.
M	Mop	Trash to be burnt	Remove metal parts and dispose of the rest as non-burnable recyclable trash.
M	Mortar (made of ceramic)	Recyclable • Non-burnable trash	Cooking utensils
M	Music box	Recyclable • Non-burnable trash	Dispose of wooden parts as burnable trash.
N	Nail	Recyclable • Non-burnable trash	
N	Nail clippers	Recyclable • Non-burnable trash	
N	Nail puller	Recyclable • Non-burnable trash	
N	Navigation system	Recyclable • Non-burnable trash	
N	Necklace	Recyclable • Non-burnable trash	
N	Needle (for sewing)	Recyclable • Non-burnable trash	Put them in a metal box with a lid and dispose of it.
N	Net (with “Plastic Mark”)	Plastic containers and packaging	
N	Newspaper	Paper Products	Bind with paper string.
O	Oil can	Bottles • Cans • PET bottles	Wipe the inside the cans.
P	Packs/cartons (such as egg carton)	Plastic containers and packaging	
P	Paint can	Recyclable • Non-burnable trash	Empty the inside. Remove the dirt in the can.
P	Paint container	Recyclable • Non-burnable trash	Use up.
P	Panty hose	Trash to be burnt	
P	Paper cup (waxed or plastic)	Trash to be burnt	
P	Paperknife	Recyclable • Non-burnable trash	
P	Paperweight	Recyclable • Non-burnable trash	
P	Parasol	Recyclable • Non-burnable trash	Remove the cloth parts and dispose of them as burnable trash.
P	PET bottle/plastic bottle	Bottles • Cans • PET bottles	Dispose removed label and cap as plastic containers.
P	Photo	Trash to be burnt	

	Item	Classification	Notes (Hints on how to dispose of trash)
P	Photo album	Trash to be burnt	
P	Pillow	Trash to be burnt	
P	Pipe (vinyl chloride product)	Trash to be burnt	
P	Plant pot (made of ceramic or plastic)	Recyclable • Non-burnable trash	Remove dirt.
P	Planter (made of metal, ceramic, or plastic)	Recyclable • Non-burnable trash	Remove dirt.
P	Planter (made of wood)	Wood chips / Pruned branches	Dispose of those except for wooden ones as non-burnable recyclable trash.
P	Plastic bag	Trash to be burnt	
P	Plastic container (for drinking water)	Recyclable • Non-burnable trash	Dispose of those for kerosene as burnable trash.
P	Plastic container (for kerosene)	Trash to be burnt	Empty the inside. Dispose of those for drinking water as non-burnable recyclable trash.
P	Plastic food container	Recyclable • Non-burnable trash	
P	Plastic model	Recyclable • Non-burnable trash	Remove metal parts.
P	Plastic sheet (tarpaulin)	Trash to be burnt	
P	Plastic string	Trash to be burnt	
P	Plastic wrap (home use)	Trash to be burnt	
P	Plywood	Wood chips / Pruned branches	Cut it into 1 meter length or less.
P	Polypropylene strapping band (packthread)	Recyclable • Non-burnable trash	
P	Pot (made of ceramic, steel, or aluminum)	Recyclable • Non-burnable trash	
P	Printer	Recyclable • Non-burnable trash	Dispose of inks at an electric retail store.
P	Pruned branch	Wood chips / Pruned branches	Cut them into 1 meter lengths or less and bind them.
R	Racket (made of metal or plastic)	Recyclable • Non-burnable trash	Ask a licensed trader for disposal of carbon fiber ones. Dispose of wooden ones as wood chips and pruned branches.
R	Racket (wood or bamboo)	Wood chips / Pruned branches	Dispose of those made of metal or plastic as non-burnable recyclable trash.
R	Radio	Recyclable • Non-burnable trash	
R	Radio cassette	Recyclable • Non-burnable trash	

	Item	Classification	Notes (Hints on how to dispose of trash)
R	Ransel/School backpack	Trash to be burnt	Remove metal parts and dispose of the rest as non-burnable recyclable trash.
R	Razor	Recyclable ▪ Non-burnable trash	
R	Receipt (heat-sensitive paper)	Trash to be burnt	
R	Record	Trash to be burnt	
R	Reel	Recyclable ▪ Non-burnable trash	
R	Remote control	Recyclable ▪ Non-burnable trash	Remove batteries.
R	Rice bowl (ceramic bowl)	Recyclable ▪ Non-burnable trash	
R	Rice cooker	Recyclable ▪ Non-burnable trash	
R	Ring (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
R	Road flare/ Emergency flare	Trash to be burnt	Wet with water.
R	Roller skate	Recyclable ▪ Non-burnable trash	Dispose of the shoe parts as burnable trash.
R	Rope	Trash to be burnt	
R	Rubber glove	Trash to be burnt	
S	Safe	Recyclable ▪ Non-burnable trash	Except for fire-resistant safes
S	Safety pin	Recyclable ▪ Non-burnable trash	
S	Saw	Recyclable ▪ Non-burnable trash	
S	Scale	Recyclable ▪ Non-burnable trash	
S	Scanner	Recyclable ▪ Non-burnable trash	
S	Scissors (made of metal)	Recyclable ▪ Non-burnable trash	
S	Scooter	Recyclable ▪ Non-burnable trash	
S	Screwdriver	Recyclable ▪ Non-burnable trash	
S	Scrubbing brush	Trash to be burnt	Dispose of metal ones as non-burnable recyclable trash.
S	Sculpture (made of ceramic or glass)	Recyclable ▪ Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.

	Item	Classification	Notes (Hints on how to dispose of trash)
S	Sculpture (made of wood)	Wood chips / Pruned branches	Cut them to make each part 1m long or less. Dispose of those made of ceramic or glass as non-burnable recyclable trash.
S	Seal	Trash to be burnt	
S	Sewing machine	Recyclable • Non-burnable trash	
S	Sheet put under writing paper (made of plastic)	Recyclable • Non-burnable trash	
S	Shelf (made of metal)	Recyclable • Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
S	Shelf (made of wood)	Wood chips / Pruned branches	Dispose of metal ones as non-burnable recyclable trash.
S	Shovel	Recyclable • Non-burnable trash	
S	skateboard	Trash to be burnt	Remove metal parts and dispose of them as non-burnable recyclable trash. Ask a licensed trader for disposal of those made of FRP.
S	Skewer (made of bamboo)	Trash to be burnt	Cut into as small pieces as possible, and dispose of metal ones as non-burnable recyclable trash.
S	Skewer (made of metal)	Recyclable • Non-burnable trash	Dispose of bamboo ones as burnable trash.
S	Ski poles	Recyclable • Non-burnable trash	Dispose of ski boards at a retail store, and ski shoes as burnable trash.
S	Ski shoes	Trash to be burnt	Dispose of ski boards at a retail store, and ski poles as non-burnable recyclable trash.
S	Sleeping bag	Trash to be burnt	
S	Sleigh/ Sled (made of plastic)	Recyclable • Non-burnable trash	Dispose of wooden ones as wood chips and pruned branches.
S	Soap	Trash to be burnt	
S	Split curtain (made of plastic)	Recyclable • Non-burnable trash	
S	Spoon (made of metal or plastic)	Recyclable • Non-burnable trash	
S	Spray can	Bottles • Cans • PET bottles	Empty the inside and puncture.
S	Stapler	Recyclable • Non-burnable trash	
S	Stationery (plastic products)	Recyclable • Non-burnable trash	
S	Steel can	Bottles • Cans • PET bottles	
S	Stepladder (made of metal)	Recyclable • Non-burnable trash	
S	Stepladder (made of metal)	Recyclable • Non-burnable trash	

	Item	Classification	Notes (Hints on how to dispose of trash)
S	Stereo system	Recyclable ▪ Non-burnable trash	Remove wooden parts and dispose of them as wood chips and pruned branches.
S	Stopwatch	Recyclable ▪ Non-burnable trash	
S	Stove heater (oil, electric, or gas)	Recyclable ▪ Non-burnable trash	Remove fuel.
S	Straw product	Trash to be burnt	
S	Styrene foam (with the identification mark of plastic material,)	Plastic containers and packaging	Dispose of the items without the identification mark of plastic material, as non-burnable recyclable trash.
S	Styrene foam (without the identification mark of plastic material,)	Recyclable ▪ Non-burnable trash	Dispose of items with the identification mark of plastic material, as plastic container and wrapping.
S	Surgical mask	Trash to be burnt	
S	Swimming pool (Plastic)	Trash to be burnt	
S	Swimming tube	Trash to be burnt	
T	Tablecloth	Trash to be burnt	
T	Tea strainer (made of metal)	Recyclable ▪ Non-burnable trash	
T	Teapot	Recyclable ▪ Non-burnable trash	
T	Telephone	Recyclable ▪ Non-burnable trash	
T	Telescope	Recyclable ▪ Non-burnable trash	
T	Tent	Recyclable ▪ Non-burnable trash	Dispose of them except for the metal parts as burnable trash.
T	Thermal paper	Trash to be burnt	
T	Thermometer	Recyclable ▪ Non-burnable trash	
T	Thumbtack/drawing pin	Recyclable ▪ Non-burnable trash	
T	Tiepin	Recyclable ▪ Non-burnable trash	
T	Tissue paper	Trash to be burnt	
T	Tissue paper box	Paper Products	Remove vinyl part.
T	Toaster/ Toaster ovens	Recyclable ▪ Non-burnable trash	Delete information
T	Toothbrush	Trash to be burnt	

	Item	Classification	Notes (Hints on how to dispose of trash)
T	Toothpaste	Plastic containers and packaging	Rinse the inside
T	Toy (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
T	Tray (with the identification mark of plastic material)	Plastic containers and packaging	
T	Tricycle (toy)	Recyclable ▪ Non-burnable trash	Dispose of them after disassembling to separate plastic and metal parts.
T	Tripod (made of metal)	Recyclable ▪ Non-burnable trash	
T	Tuner	Recyclable ▪ Non-burnable trash	
U	Umbrella	Recyclable ▪ Non-burnable trash	Remove the cloth parts and dispose of them as burnable trash.
U	Unicycle or wheelbarrow	Recyclable ▪ Non-burnable trash	
U	Utility Knife	Recyclable ▪ Non-burnable trash	
V	Vacuum cleaner	Recyclable ▪ Non-burnable trash	Remove the hoses and dispose of them as burnable trash.
V	Vase	Recyclable ▪ Non-burnable trash	
V	Vat (for cooking, made of aluminum)	Recyclable ▪ Non-burnable trash	
V	Vat (for cooking, made of wood)	Wood chips / Pruned branches	
V	Velcro (adhesive nylon fabric)	Trash to be burnt	
V	Video cassette recorder	Recyclable ▪ Non-burnable trash	
V	Video tape	Recyclable ▪ Non-burnable trash	
W	Washbasin (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
W	WASHLET (shower toilet/ electric toilet seat with water spray feature)	Recyclable ▪ Non-burnable trash	
W	Waste cooking oil (edible oil)	Recyclable ▪ Non-burnable trash	Put it in a plastic container.
W	Water bottle (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
W	Water purifier	Recyclable ▪ Non-burnable trash	
W	Water tank (made of glass or plastic)	Recyclable ▪ Non-burnable trash	
W	Watering pot (made of metal or plastic)	Recyclable ▪ Non-burnable trash	

	Item	Classification	Notes (Hints on how to dispose of trash)
W	Wheelchair	Recyclable ▪ Non-burnable trash	Remove the cloth parts, etc. and dispose of them as burnable trash.
W	Whistle (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
W	Wig	Trash to be burnt	
W	Wind-bell (made of metal, ceramic, or shell)	Recyclable ▪ Non-burnable trash	
W	Window shade/blinds (made of metal or plastic)	Recyclable ▪ Non-burnable trash	
W	Wire	Recyclable ▪ Non-burnable trash	
W	Wood	Wood chips / Pruned branches	Cut them into 1 meter lengths or less and bind them.
W	Word processor	Recyclable ▪ Non-burnable trash	
W	Workshop tool	Recyclable ▪ Non-burnable trash	
W	Wrapping paper	Paper Products	Put it in a paper bag.
Y	Yoga mat	Trash to be burnt	
Z	Zipper (made of metal or plastic)	Recyclable ▪ Non-burnable trash
