

## COVID-19 Vaccination Certificate (Vaccine Passport)

A Vaccine Passport can be issued to those who have been vaccinated and have plans to go overseas.

Those who need a vaccine passport should prepare the necessary documents and apply at the office or by post.

### <Necessary Documents>

- ① Application Form
- ② Passport
- ③ A copy of Vaccination Certificate(voucher) or record of vaccination (essential workers at hospital, etc.)
  - ※ Those who have lost their vaccination certificate or record of vaccination should bring documentation that can confirm their personal number (My Number Card or a copy of their resident record, etc. that has the My Number printed on it.
- ④ If the passport is in the maiden name/different surname/different name (in alphabet), documentation showing change of name is required.
- ⑤ Letter of proxy (If someone is applying for the person instead, a letter of proxy is required.
  - ※ If a vaccine passport is required for someone under 20 years of age, a letter of proxy is not required for the applying parent.)

**Applying at the office → Vaccine Passport must be picked up at the issuing office at a later date.**
